B.A. IN URBAN STUDIES AND PLANNING AND MASTER OF PUBLIC ADMINISTRATION SF STATE SCHOLARS ROADMAP

The San Francisco State Scholars program provides undergraduate students with an accelerated pathway to a graduate degree. Students in this program pursue a bachelor's and master's degree simultaneously. This program allows students to earn graduate credit while in their junior and/or senior year, reducing the number of semesters required for completion of a master's degree.

This roadmap is a suggested plan of study and does not replace meeting with an advisor. Please note that students may need to adjust the actual sequence of courses based on course availability. Please consult an advisor in your major program for further guidance.

- ¹ ENG 114 can only be taken if you complete Directed Self-Placement (DSP) and select ENG 114; if you choose ENG 104/ENG 105 through DSP you will satisfy A2 upon successful completion of ENG 105 in the second semester; multilingual students may be advised into alternative English courses.
- To avoid taking additional units, it is recommended that you meet the SF State Studies (AERM, GP, ES, SJ) requirements within your GE or major.
- To determine the best B4 course option, students should complete the online advising activity at mathadvising.sfsu.edu (https://mathadvising.sfsu.edu/). Questions? Contact Gator Smart Start. (https://gatorsmartstart.sfsu.edu/)

4 Complementary Studies

Students completing a Bachelors of Arts in Urban Studies and Planning must complete 12 units in complementary courses bearing a prefix other than USP, and not cross-listed with USP. The units used to satisfy Complementary Studies may be in a minor (or a partial minor if the minor requires more than 12 units), a foreign language, or a coherent group of courses from the following departments/college: Political Science, Geography, History, Sociology, Environmental Studies, Economics, and the departments in the College of Ethnic Studies. All Complementary Studies units must be approved by an advisor in the major.

Any courses with prefixes other than USP or cross-listed with USP that can be counted toward the major can also count toward the Complementary Studies Requirement.

⁵ Consider taking a class combined with a laboratory or a separate lab to fulfill B3 if not already satisfied.
